Technical Data:

Nominal Voltage – 24V
Operating Voltage – 18 – 30V
Direction Indicating – 3x LED + up to 3x 21W
Warning Flashlight – 6x LED + up to 6x 21W
LED-Flashlights
    Self-Programming Function
    to be used with various LED-Flashlights
Control Lights – 5W
Frequency – 90 +/- 30 p.m.
Temperature Range – -40°C - +85°C
Protection Degree – IP52
